

TAHU bench, with backrest

Design by
Martin Pärn
iseasi

Bench TAHU is a light-looking heavy bench for demanding environments. Being bright, clear and vigorous Tahu is a perfect bench for the bus stop and lasts in the midst of the greatest migration of nations.

The anti-graffiti cover and bulletproof foot keeps Tahu impeccable even at the battlefields of the gangs in the districts of concrete apartment blocks.

TAHU bench, with backrest

FEATURES

The faceted concrete legs give the bench a pleasant distinction.

Concrete legs rest on EPDM rubber plates, protecting the concrete from direct contact with the ground, ensuring better durability of concrete parts. This also makes it easier to relocate the benches without damaging concrete parts.

All joints are well thought through and are technically very well finished.

No visible fixing materials on the top surfaces of the wooden parts to ensure a pleasing look and feel of the products.

Concrete legs ensure the stability with total mass of 210 kg.

The hot-dip galvanized and powder-coated steel frame and high-quality, knot-free wooden material makes the product very resistant to weather and use.

Extery quality without compromise- harmonious design, carefully selected materials and engineering considered to the last detail.

METAL

The steel frame is available in hot-dip galvanized and powder coated finish. The hot-dip galvanizing is done according to ISO 1461:2009 standard.

RAL recommendation by designer:

RAL 7016
+ graffiti
protection

RAL 7039

RAL 9002

Thermotreated
ash (oiled)

Tropical wood

Light grey
concrete

Dark grey
concrete

WOOD

The wood selection includes double layer oil coated knot-free thermo-treated ash and knot-free tropical wood without the top coat.

CONCRETE LEGS

The legs are made of smooth reinforced granite concrete C35/45. Environmental class: XC4, XD3, XF2/KK2. The concrete legs are available in light grey and dark grey options. Concrete surfaces are covered with stain and graffiti repellent substance.

INSTALLATION

Freestanding on a firm base.

Material marking in product code:

a- thermotreated ash
t- tropical wood

The use of the legend for the example of bench with armrests and tropical wood: TAHB200-02-t
