

# KLAAR STEEL chair

Rationality, neutrality and the precise aesthetic finishing of parts that characterize Klar are qualities that never go out of date nor submit to the rapidly changing vogues. The clarity and lightness of its shape and the wide selection of materials make Klar suitable for using in many different modern architectural contexts, offering solutions that meet different requirements.

The line includes park benches for three where it is good to sit and rest one's back to gaze at the sea, single chairs that offer a moment of rest and a chance to be alone in the noise of a city square as well as seats and tables that enable the creation of picnic settings in a park.

Design by Martin Pärn, iseasi

# Klaar Steel chair

## FEATURES

Due to the proportions, shape and use of materials, Klaar is very ergonomic and comfortable.

Thanks to the clarity and lightness of its shape Klaar is suitable to a modern architectural context as well as to a historic setting.

Good functionality combined with clever and well considered details.

Different armrest configurations are possible for the chair.

A wide range of different products, including chairs, seats and tables in the family to complement various uses and environments.

Extery quality without compromise- harmonious design, carefully selected materials and engineering considered to the last detail.

EXTERY

## METAL

The steel frame is available in hot-dip galvanized and powder coated finish. The hot-dip galvanizing is done according to ISO 1461:2009 standard.

RAL recommendation by designer:

RAL 7016

RAL 7039

RAL 9005

RAL 3005

## EXTRA

Elastomeric coating for seat and backrest surface. Elastomer provides additional protection against scratches and makes the metal surface warmer and softer to the touch. The tone of the elastomer is close to RAL 7021.

Elastomeric coating

## INSTALLATION

Free-standing on a firm base

Anchored to a firm foundation

Material marking in product code:

pl- elastomeric coating

*The use of the legend for chair with two armrests and elastomeric cover: KLSB60-02-pl*
